

# Jimmy Fasig

## Attorney

Jimmy is the leader of our personal injury division and lead trial counsel on most of our non-medical malpractice cases. In 2000, he started his law career as a paralegal for what was then Eubanks & Barrett. In his first full year as a lawyer, he litigated a case that resulted in a 1.6 million dollar recovery. His client walked away with more than a million dollars after paying attorney fees and costs. Jimmy became a partner and shareholder in the law firm that same year.

Since then, Jimmy has had numerous multimillion and million dollar recoveries. In 2015, he was listed in the nation's top 1% of lawyers when he obtained a 5.4 million dollar verdict and a 3.1 million dollar judgment from a jury trial in Gadsden County, Florida.

Jimmy has witnessed firsthand the way insurance companies and big businesses take advantage of people, and he has developed a strategy he calls the "full court press" strategy for achieving justice for his clients. He loves being a lawyer, and he loves fighting for his clients in front of a jury. His most compelling characteristic is his love for the people he serves. He demonstrates compassion for his clients both in and out of the courtroom. If you are looking for a compassionate, aggressive attorney who will fight for your rights, Jimmy is the attorney for you.
